

RED RIVER-BULL BAYOU FIELD
08-1195 and 08-1196

LEGAL NOTICE

STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1st Floor, LaSalle Building, 617 North 3rd Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, AUGUST 19, 2008**, upon the application of **LONG PETROLEUM, LLC**.

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Haynesville Formation, Reservoirs A and B**, in the Red River-Bull Bayou Field, DeSoto Parish, Louisiana.

1. To establish rules and regulations and create six (6) drilling and production units for the exploration for and production of gas and condensate from the Haynesville Formation, Reservoir A.
2. To establish rules and regulations and create three (3) drilling and production units for the exploration for and production of gas and condensate from the Haynesville Formation, Reservoir B.
3. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed units, with allocation of production from the unit well to the tracts within each such unit to be on the basis of surface acreage.
4. To designate a unit operator and unit wells for certain of said units, if appropriate.
5. To provide that future wells drilled to the Haynesville Formation, Reservoirs A and B, within or outside the proposed units, should be located no closer than 330 feet from any unit line and no closer than 660 feet between wells drilling to, completed in, or for which a permit shall have been granted to drill to the Haynesville Formation, Reservoirs A and B.
6. To provide that, with respect to future horizontal wells drilled to the Haynesville Formation, Reservoirs A and B, in the proposed units, where the horizontal portion of the well is cased and cemented back above the top of the Haynesville Formation, Reservoirs A and B, the distance to any unit boundary will be calculated based on the distance to the nearest perforation in the well, and not based on the penetration point or terminus.
7. To consider such other matters as may be pertinent.

The Haynesville Formation, Reservoirs A and B is defined as being the stratigraphic equivalent of that gas and condensate bearing zone encountered between the depths of 10,948' and 12,856' (electrical log measurements) in the EnCana Oil & Gas (USA) Inc.-Martin Timber Co. LLC No. 1 Well, located in Section 10, Township 13 North, Range 10 West.

Plats are available for inspection in the Office of Conservation in **Baton Rouge** and **Shreveport**, Louisiana.
